Technical Data

DRAIN FREE

NON-ACID HEAVY DUTY DRAIN OPENER

DESCRIPTION

Drain Free is a blend of Hydroxides and other proprietary ingredients making it safer than sulfuric acids, but still effective in opening clogged drains.

Saponifies greases into a soft mass that easily shifts down through the drain system. Never will greases re-harden, or turn into hard soap.

Formulated for the express purpose of opening clogged or slow running floor and basin drains. Safe in septic tanks.

For Bacterial Activity Drain Maintainers, refer to ALIVE BACTERIA DRAIN TREATMENT.

USES / BENEFITS

- **Dissolves grease - hair - lint.**
- **Non-Fuming.**
- **Won't harm plumbing.**
- **Will not form soap crust in drains plugged from greases and animal fats.**
- **Saponifies greases, and flows them away.**

PRECAUTIONS

DANGER POISON

Keep Out Of Childrens Reach
See side panel for specifics. Do Not Use In Aluminum Vessel or surfaces. Wear face shield and protective gloves when using.

SPECIFICATIONS

Appearance .....Red
Odor .....None
Active Ingredients
Sodium Hydroxide 60%
Potassium Hydroxide 21%
Inert Ingredients 19%

DIRECTIONS FOR USE

Drain Free is a speedy liquid that simply is poured into clogged drains. Remove as much water as possible from basins, and pour directly into drain. Let stand 15 minutes. Flush with cold tap water.

Floor drains pour directly into drain. Let stand 15 minutes. Pour 3 to 5 gallon tap water down drain to flush.

Always shake well before using.

WILL NOT HARM PLUMBING!

EXCELLENCE SINCE 1964
