Technical Data

DAZZLE

HIGH SUDS CAR WASH

DESCRIPTION

This economical liquid concentrate is a synergistic blend of special synthetic detergents, emulsifiers and wetting agents. Car and truck wash will quickly loosen and float away dirt, dust, grime, insects and road film. It contains no film forming soaps and will not dull, water-spot or streak painted surfaces, windows or chrome. As little as one ounce per gallon of water gives mountains of active suds that clean thoroughly and rinse freely. Also helps lubricate brushes to aid in their efficient use.

SPECIFICATIONS

Color	Yellow Green
Fragrance	Lemon
Foam Stability	Excellent
Rinsability	Very Good
Soap content	none
pH	9.0
Density (lbs./gal.)	8.5
Hard Water Tolerance.....	Excellent
Detergency	Excellent
Flash Point	none

USES / BENEFITS

- **Economical - highly concentrated for greater economy, may be used at 1 ounce or less per gallon of water and still maintain mountains of suds.**
- **Versatile - designed to be used in hand, brush, pressure and automated wash operations. Great for all vehicles. Ideal for in-line injection systems; the medium viscosity of this product provides excellent in-line mixing through the system.**
- **For use in hand washing, brush washing, pressure spray applications, and automated car washes.**

PRECAUTIONS

Keep out of reach of children. For industrial and institutional use only by trained personnel. Do not take internally.

DIRECTIONS FOR USE

Dilute 1 to 2 ounces of product per gallon of water depending upon application. In-line injectors and automated systems may use even less product to achieve the desired suds. Wash and rinse thoroughly.
