Technical Data

ENGULF

BODY FLUID ABSORBENT

DESCRIPTION

Engulf is the product of choice for clean up of virus and pathogenic bacteria laden body fluids - especially when the spill is on carpet or porous surfaces! Its powerful 100% active, nontoxic composition goes to work immediately to contain the spill. Engulf completely counteracts any malodors and makes disposing of with a dust pan or through vacuuming very simple. Follow the rules established by your working facility.

SAFELY USE ON:

- Spills
- Vomit
- Feces
- Urine
- Blood
- Drinks
- Chemicals
- Solvents
- Foods

**EXCELLENCE
SINCE
1964**

USES / BENEFITS

- 100% Active
- Nontoxic
- Biodegradable
- Nonflammable
- High Density No Fillers
- Eliminates Malodors

SPECIFICATIONS

FragrancePleasant
ColorGray
Net Weight 16 oz.

PRECAUTIONS

Keep Out Of Reach Of Children

**Quickly Absorbs
Blood • Vomit • Feces • Garbage
and all other liquids**

DIRECTIONS FOR USE

Simply sprinkle Engulf liberally on all fluids or spills. It immediately destroys malodors while rapidly absorbing body fluids and other noxious liquids.

Once liquid is in the congealed semi-solid mass, use a dustpan or shovel depending on the amount and place in a double waste liner tied twice and remove for waste disposal.

If using for body fluids suspected of infection by HIV (aids) or Hepatitis B, wear rubber gloves and follow guidelines for disinfection procedures set forth by OSHA.
