PREME SYSTE

TECHNOLOGICALLY ADVANCED SKIN CARE PRODUCTS

DESCRIPTION

After many years of research in the field of epidermal care - we are very pleased to bring to you our North Woods™ Supreme System. This technologically advanced skin care system addresses the need to clean the epidermis layer yet keep it healthy by not exposing it to harsh drying and irritating chemicals commonly used in most skin cleaning products. The end result is a pH balanced skin care system that thoroughly cleans - removing dirt, dead skin cells, and pathogenic and transient bacteria - yet conditions, and keeps the epidermis healthy to protect against infections. Even with repetitive use skin looks and feels healthier and fresher! Excellent for any facility interested in simply the finest hand care products available - bar none! Over 1300 applications per cartridge and controlled dispensing makes this the economic choice for total skin
