TABLE TOP

THE FOOD SERVICE DIRECTORS FRIEND

DESCRIPTION

The world of ready to use, 100% active, no mixing, no spillage, no incompatibility of water, no wondering if the dilution will KILL GERMS..... is here!

The Supreme Germ Killer for table tops in restaurants, supper clubs, and all food service establishments was formulated to save labor, and to get the intended job done right and effectively. TABLE TOP, does this so perfectly, that employee's morale will jump, owner's exposure to liability will dive, and the labor saving confidence of having the right product with no mixing, will assure management the proper procedure is being carried out.

TABLE TOP, not only kills disease causing germs on tables, but on any inanimate surface encountered.
