echnica Data THE RIGHT STUFF SOAP SYSTEM™ HEAVY DUTY SOY/WALNUT BASED HAND CLEANER

DESCRIPTION

USA Stuff is born, bred, and completely manufactured right here in the USA. That makes it pretty special already! It's synergistic formula combines the finest ingredients Mother Nature has to offer, along with state of the art skin cleansing components. Organic soy bean extracts, walnut shell scrubbers, and natural skin conditioning and softening agents - are just some of the highlights that make this product truly one of a kind.

Just one use - will start to remove years of built up dirt and soil lodged deep in microscopic skin crevices. The unique feel after rinsing provides instant proof of it's wonderful ability to condition and help heal damaged, dry cracked hands. The natural fragrance of this product makes the whole hand washing experience just that much more pleasurable. USA Stuff is truly a phenomenal heavy duty hand cleaner unlike anything on the market today! Best of all...it's American through and through!

DIRECTIONS FOR USE

USA Stuff is a soy based, heavy duty hand cleaner, with fine walnut shell scrubbers to help clean up extremely soiled hands fast! Simply apply one stroke from The Right Stuff Soap Dispenser and work into hands and knuckles. Removes ALL soil from the pores and leaves hands totally clean, feeling smooth, and pH balanced.

This formulation is simply The State Of The Art Concept in skin care. Maintains proper pH balance of skin, for healthy hands.

PRECAUTIONS

Keep Out Of Childrens Reach. Contains detergents. Avoid contact with eyes. Do not rub eyes. Harmful if swallowed.
