Technical Data

BAKE OFF

OVEN & GRILL CLEANER

DESCRIPTION

BAKE OFF is a self-scouring jell that quickly penetrates baked on foods and carbon from ovens, grills and barbecue equipment. A heavy duty institutional formula, this product's jelling action clings to vertical surfaces for better, faster cleaning. This non-fuming product leaves a fresh lemon fragrance and is a pleasant to use. Avoid contact with clothing, floor tile, linoleum, plastics, painted surfaces, copper, coppertone, aluminum, electrical connections, switches and receptacles.

SPECIFICATIONS

Spray pattern Foam
 Appearance Foam/gel
 Flammability Non-flammable
 Rinsability Complete
 pH 13+
 Fragrance Lemon scented
 Storage stability 120°F max.
 Freeze/thaw stability ... 3 cycles
 Shelf life 1 year min.
 Net weight 18 oz.

USES / BENEFITS

BAKE OFF is excellent to use for cleaning:

- ovens and grills
- rotisseries
- stove burners
- electric frying pans
- accessories

PRECAUTIONS

DANGER: CONTAINS SODIUM HYDROXIDE. Injurious if sprayed in eyes. If this should happen, flush eyes with water and call a physician. Avoid prolonged contact with skin. Wash with soap and water after handling. The contents of this container are under pressure. Do not puncture, throw in fire or incinerator or expose to temperatures in excess to 120°F. For industrial and institutional use only by trained personnel.

DIRECTIONS FOR USE

SHAKE BEFORE USING. Avoid contact with painted surfaces.

1. Heat oven to 200° then turn off.
2. Wear plastic or rubber gloves, hold can upright and point valve away from your eyes. Hold can about 8 to 12 inches away from oven surface and spray evenly.
3. Allow to stand from 5 to 10 minutes. **IN CASE OF CONTACT WITH SKIN WASH PROMPTLY WITH SOAP AND WATER.**
4. Wipe clean. Spots that are difficult to remove should be retreated and cleaned with a scouring pad.
5. Rinse thoroughly.
6. Preheat oven for 10 minutes before using.
