## CHLOR BRITE

CONCENTRATED LIQUID LAUNDRY DESTAINER

### DESCRIPTION

CHLOR BRITE is a concentrated liquid laundry destainer. Made with a special blend of ultra effective destaining agents, plus it's fortified with chlorine bleach. CHLOR BRITE excels for use in heavy-duty laundry applications where the extra destaining power of active chlorine is needed. CHLOR BRITE has unparalleled stain removing properties. When used as directed, it is safe on all cottons, linens and synthetic fabrics. DO NOT use on natural silk, wool or nylon fibers.

### USES / BENEFITS

- Super concentrated
- Extremely economical
- Saves Time, Saves Money
- Biodegradable
- Built in stabilizers
- Ultra effective destaining agents
- Fortified with chlorine bleach
- Works even in harder water conditions
- Automatically dispensed
- No mess, no fuss
- Protects your investment
- Whitens & brightens
- Removes tough soils

### DIRECTIONS FOR USE

This unique product is formulated to be dispensed through an automated injector system, assuring the lowest possible use cost.

CHLOR BRITE liquid laundry destainer with bleach may be used either as a bleach in normal laundry operations or as a destaining presoak for blood and other difficult protein stains. DO NOT USE ON NATURAL SILK, WOOL OR NYLON FIBERS. Two ounces per fifty pounds of work will supply approximately 150 ppm available chlorine for positive destaining and bacteria control. CHLOR BRITE is formulated to be used with an automated injector system. It can be used in addition to the detergent or in a separate bleach cycle. CHLOR BRITE is most effective at temperatures ranging from 145 to 155 degrees.

### SPECIFICATIONS

Appearance	Clear yellow liquid
pH	12.8
pH of 1% solution	9.7
Specific Gravity	1.22 (10.2 lbs/gal)
Penetration	Immediate
Solubility	Complete
Biodegradable	Yes
Rinsing	Complete
Foam	None
Stability	90 days
Available Chlorine	12%

### PRECAUTIONS

Keep out of reach of children  
Contains sodium hypochlorite. Contact with skin and eyes may cause severe irritation. Harmful if swallowed. Flood with water if splashed in eyes. Flush with water for 15 minutes and consult a physician immediately.
