MATERIAL SAFETY DATA SHEET

N/A = Not Applicable

(Prepared According To 29 CFR 1910.1200

SECTION 1 - PRODUCT IDENTIFICATION

Product Name: Derma Foam Premium Antibacterial Soap

Suppliers Name: SUPERIOR CHEMICAL CORP.

Generic Name: Antibacterial Foaming Soap

Suppliers Address: 1331 Wisconsin Avenue, Sheboygan, WI 53081 Phone: 800-242-7694

EMERGENCY PHONE: 800-535-5053

Chemical Family: N/A

Formula: N/A

NPCA Hazardous Materials Identification System Health

Flammability 0

Reactivity 0

Maximum Personal Protection X

Effective Date: 0

SECTION 2 - HAZARDOUS INGREDIENTS						
CHEMICAL NAME	CAS NO.	WT.%	PEL	TWA-TLV	STEL-TLV	CARCINOGEN
Coconut Oil	8001-31-8	15 - 20	Not available	Not available	Not available	
Propylene Glycol	57-55-6	1 - 3	Not available	Not available	Not available	
Glycerin	56-81-5	1 - 4	Not available	Not available	Not available	
Triclosan	3380-34-5	0.3	Not available	Not available	Not available	

SECTION 3 - PI	HYSICAL DATA	SECTION 4 - FIRE & EXPLOSION HAZARD DATA			
Boiling Range (°F): 212°F Vapor Pressure: Not available % Volatile: >70% Solubility in Water: Soluble Physical Description: Light gold lice	Specific Gravity: 1.02 Vapor Density: >1 pH: 9.0 Evaporation Rate: <1 uid with pleasant fragrance. VOC's: <0.1 lbs/gal.	Flash Point (method used): 210°F Upper Explosive Limit: Not avail. Lower Explosive Limit: Not avail. Extinguishing Media: Use DRY chemical powder, water spray, fog, foam. Don't use water jet Special Fire Fighting Procedures: Unusual Fire & Explosion Hazards: Not available.			
SECTION 5 - RI	EACTIVITY DATA	SECTION 6 - STORAGE & HANDLING INFO			
Stability: Stable Hazardous Polymerization: Will not occur. Incompatibility (materials to avoid): Not available. Hazardous Decomposition Products: Not available.		Precautions To Be Taken In Handling & Storage: Keep out of reach of children. For institutional and industrial use only. Keep away from incompatibles. Keep away from heat, sparks and flame.			
	SECTION 7 - HEALTH I	HAZARDS AND FIRST AID			

SECTION 7 - HEALTH HAZARDS AND FIRST AID

Effects of Overexposure Primary Route of Entry:

Skin: Skin irritation is unlikely. Should irritation occur, discontinue use.

Eyes: Irritant.

Inhalation: This product will not easily enter the human body.

Ingestion: May cause gastrointestinal discomfort.

First Aid Procedures:

Skin: Should skin irritation occur, discontinue use. If redness or irritation persists for more than 72 hours seek medical attention.

Eyes: Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water.

Inhalation: No known effect.

Ingestion: Have person sip a glass of water if able to swallow. Do NOT induce vomiting unless instructed to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

SECTION 8 - SPECIAL PROTECTION INFORMATION

Respiratory Protection: No special recommendations.

Ventilation: Good general ventilation should be sufficient for most conditions.

Protective Gloves: No special recommendations.

Other Protective Equipment: No special recommendations.

Eyes: No special recommendations.

SECTION 9 - SPILL OR LEAK PROCEDURES

Steps to be taken in case material is released or spilled:

Waste disposal method:

Mop up or otherwise absorb and hold for disposal.

Any method in accordance with applicable laws.

Notice to reader: To the best of our knowledge, the information contained herein is accurate. However, neither the above named supplier nor any of its subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All material may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist. **FOR FURTHER INFORMATION OR TO DOWNLOAD ADDITIONAL MSDS GO TO www.northwoodstm.com

** The health hazards given on this Material Safety Data Sheet apply to this product in its concentrated form (as supplied) and may differ significantly at use dilution. The signs and symptoms of overexposure apply only to negligence in handling or misuse of the concentrated product and not to the routine exposure of the diluted product underconditions or ordinary use.
