Technical Data

FLUSH

COIL, FIN & DRIP PAN CLEANER & DEODORIZER

DESCRIPTION

Flush is a 21st Century Earth Friendly, non-toxic, biodegradable blend of cleaning agents made from natural resources along with a Bio-Enzyme causing bacteria which work together to safely keep drip pans, evaporator pans, drain lines, coils, fins and heating coils free from mold, fungus, dirt, grease and grime. Flush will increase air flow, reduce energy costs and keep your outside, inside air-conditioners, refrigerated trucks, freezers, walk in cooler systems, ice machines, ventilators, heat pumps, and cold storage containers, running great! It has a pleasant clean, fresh, fragrance that leaves a lasting impression!
