## GERMICIDE

5 DAY SELF SANITIZING RESIDUAL DISINFECTANT / CLEANER

### DESCRIPTION

An easy to use foaming, germicidal detergent that cleans, disinfects and deodorizes in one operation. Kills a broad spectrum of microorganisms including staph, salmonella and pseudomonas while being fungicidal against pathogenic fungi and preventing the growth of mold and mildew. Versatile, this powerful detergent action will quickly remove a wide variety of soils while being safe for use on many surfaces. Contains no harsh abrasives or solvents. A real labor saving, multi use, pleasantly scented time saver.

### SPECIFICATIONS

Spray pattern ..... Wide, fine foam  
 Appearance ..... White, foaming  
 Fragrance .... Fresh outdoor scent  
 Flammability ..... Flammable  
 Rinsability ..... Complete  
 Storage stability ..... 120°F Max.  
 Residue ..... Nil  
 Abrasives ..... None  
 Shelf Life ..... 1 year min.  
 pH ..... 12.0  
 Net weight ..... 18 ounces

### USES / BENEFITS

- **Residual self-sanitizing activity kills germs for up to 5 days after use.**
- **Kills HIV-1 (AIDS) on precleaned environmental surfaces / objects previously soiled with blood / body fluids.**
- **Hospital type / germicidal cleaner.**
- **Kills staph, salmonella, pseudomonas, mold, and mildew.**
- **Fungicidal against Pathogenic fungi.**
- **Odor neutralizing chemicals stop malodors.**
- **Pleasantly scented, easy to use.**

### PRECAUTIONS

Label use directions should be followed carefully. Keep out of reach of children. For industrial and institutional use only by trained personnel. Causes eye and skin irritation. Do not get in eyes, skin or on clothing. Harmful if swallowed.

### DIRECTIONS FOR USE

**DISINFECTION, DEODORIZATION AND CLEANING:** To disinfect, hard non-porous surfaces (such as bathroom tiles, walls, fixtures, shower stalls, sinks, bathtubs, hampers, tables and chairs), proceed as indicated below:

- (1) Shake can before using.
- (2) Hold six to eight inches from surface to be treated.
- (3) Spray area until it is covered with a white foam. Allow foam to penetrate and remain wet for 10 minutes. No scrubbing necessary.
- (4) Wipe off with a clean cloth, mop, or sponge. The product will not leave grit or soap scum. For heavily soiled areas, remove gross soil before treatment.

**MILDEWSTAT:** To control mold and mildew on precleaned hard non-porous surfaces (such as floors, walls, table tops), spray surfaces to be treated making sure to wet completely.

Let air dry. Repeat application at weakly intervals or when mildew growth reappears.

**SELF-SANITIZING:** GERMICIDE has been evaluated and found to have residual self-sanitizing activity on precleaned, hard, non-porous inanimate environmental surfaces for up to 5 days.

See label for special instructions for cleaning and decontamination against HIV-1 (AIDS) of surfaces / objects soiled with blood / fluids.
