MATERIAL SAFETY DATA SHEET

N/A = Not Applicable

(Prepared According To 29 CFR 1910.120

SECTION 1 - PRODUCT IDENTIFICATION

Product Name: North Woods® Rugged Cleanser

Generic Name: Hand Cleaner

Suppliers Name: SUPERIOR CHEMICAL CORP.

Suppliers Address: 1331 Wisconsin Avenue, Sheboygan, WI 53081

Phone: 800-242-7694

EMERGENCY PHONE: 800-535-5053

Chemical Family: N/A NPCA Hazardous Materials Identification System

Formula: N/A Hazardous Materials Identification System

Health	1
Flammability	1
Reactivity	0
Maximum Personal Protection	В

Effective Date: 01/12

SECTION	9 .	- HAZARDOUS INGREDIENTS	2
SECTION	~ ·	- HAZAKDUUS INGKEDIEN I	•

SECTION 2 - HAZARDOUS INGREDIENTS						
CHEMICAL NAME	CAS NO.	WT.%	PEL	TWA-TLV	STEL-TLV	CARCINOGEN
Ethoxylated alcohols (C12, C14)	68439-50-9	< 1.0				
Ethoxylated alcohols (C10, C16) Sodium salt of sulfuric acid and	68585-34-2	< 10.0				
alkyl esters (C12,C18)	68955-19-1	< 10.0				

SECTION 3 - PHYSICAL DATA		SECTION 4 - FIRE & EXPLOSION HAZARD DATA
Boiling Range (°F): Not Determined Vapor Pressure: Very low % Volatile: Solubility in Water: 100% Physical Description: Light beige paste	Specific Gravity: Vapor Density: 0.985 pH: 5.8 - 6.7 Evaporation Rate: with a scented odor. VOC's:	Flash Point (method used): N/A Upper Explosive Limit: N/A Extinguishing Media: Water Special Fire Fighting Procedures: Protective clothing & self-contained breathing apparatus. Unusual Fire & Explosion Hazards: None
SECTION 5 - REAC	CTIVITY DATA	SECTION 6 - STORAGE & HANDLING INFO
Stability: Stable Hazardous Polymerization: Will not occur. Incompatibility (materials to avoid): Avoid strong bases and oxidizing agents. Hazardous Decomposition Products:		Precautions To Be Taken In Handling & Storage: Keep out of reach of children. For use by trained personnel only. For institutional and industrial use only. Keep product in well-ventilated area away from sources of ignition. Keep product stored away from food and food products. After use please wash skin and hands with soap and water.
SECTION 7 - HEALTH HAZARDS AND FIRST AID		
Effects of Overexposure		First Aid

Effects of Overexposure Primary Route of Entry:	First Aid Procedures:
Skin: None known.	Skin: If exposed to the skin that may have a pre-existing dermatitis condition and becomes irritated, wash with soap and water. Seek medical attention if irritation persists.
Eyes: May cause irritation to eyes.	Eyes: Flush eyes thoroughly with water for at least 15 minutes, raising both upper and lower eyelids. Seek medical attention.
Inhalation: None known.	Inhalation: Remove person to fresh air. Seek medical attention if difficulty in breathing.
Ingestion: May be harmful if swallowed.	Ingestion: Wash out mouth with water. Do not induce vomiting. Seek medical attention if vomiting begins.

SECTION 8 - SPECIAL PROTECTION INFORMATION

Respiratory Protection: Use in well ventilated area.

Ventilation: General ventilation should be sufficient for most conditions. Local exhaust ventilation may be necessary for some operations.

Protective Gloves: N/A

Other Protective Equipment: None known Eyes: Chemical safety glasses.

SECTION 9 - SPILL OR LEAK PROCEDURES

Steps to be taken in case material is released or spilled:

Waste disposal method:

Mop up or otherwise absorb and hold for disposal.

Any method in accordance with applicable laws.

Notice to reader: To the best of our knowledge, the information contained herein is accurate. However, neither the above named supplier nor any of its subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All material may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist. **FOR FURTHER INFORMATION OR TO DOWNLOAD ADDITIONAL MSDS GO TO www.northwoodstm.com

^{**} The health hazards given on this Material Safety Data Sheet apply to this product in its concentrated form (as supplied) and may differ significantly at use dilution. The signs and symptoms of overexposure apply only to negligence in handling or misuse of the concentrated product and not to the routine exposure of the diluted product underconditions or ordinary use.
