MOONSHINE

VEHICLE WASH & WAX

DESCRIPTION

This economical liquid concentrate is a synergistic blend of special synthetic detergents, emulsifiers and wetting agents, leaving a lustrous mirrored finish. Vehicle wash & wax simultaneously cleans and polishes providing a hand waxed appearance while quickly loosening and floating away dirt, dust, grime, insects and road film. It contains no film forming soaps and will not dull, waterspot or streak painted surfaces, windows or chrome. As little as one ounce per gallon of water gives mountains of active suds that clean thoroughly and rinse freely. Also helps lubricate brushes to aid in their efficient use.

USES / BENEFITS

Vehicle wash and wax is perfect for hand washing or automatic washing operations. New and used car dealerships, service stations, truck and bus fleet maintenance crews and car wash operators find this product a real labor saver at a very competitive price.

DIRECTIONS FOR USE

Use 1/2 to 2 oz. per gallon of water.

PRECAUTIONS

CAUTION: Keep out of reach of children. For industrial and institutional use only by trained personnel. Material Safety Data Sheet available.

SPECIFICATIONS

Color	Green
Fragrance	Characteristic
Appearance	Clear Liquid
pH	7 to 8
Viscosity	Less than 50 centipoise
Specific gravity99
lbs./gallon	8.28
Foam	High
Flash Point	Non-flammable
