## OXY-WASH

CONCENTRATED OXYGEN BLEACH LIQUID LAUNDRY DETERGENT

### DESCRIPTION

OXY-WASH is a concentrated laundry detergent containing a superior blend of non-ionic surfactants and soil emulsifying agents. OXY-WASH is formulated with advanced optical brighteners and a color safe oxygen bleach which provide superior results on all washable fabrics, and is safe for synthetic and natural fibers. When used with AQUA BREAK, OXY-WASH removes stubborn soil and keeps it in suspension, preventing redeposition on fabric. OXY-WASH rinses quickly and completely, does not contain harsh alkalis, and is effective in all water hardness conditions and temperatures. OXY-WASH is totally biodegradable.

### USES / BENEFITS

- Extremely economical
- Saves Time, Saves Money
- Biodegradable
- Contains optical brighteners
- Fresh fragrance
- Suspends soils for deep clean
- Works even in harder water conditions
- Automatically dispensed
- No mess, no fuss
- Protects your investment
- Excellent white retention
- Removes tough soils
- Excels on naturals & synthetics
- Neutrally charged surfactants
- Color safe bleach

### DIRECTIONS FOR USE

This unique product is formulated to be dispensed through an automated injector system, assuring the lowest possible use cost.

OXY-WASH Oxygen Bleach Liquid Laundry Detergent is specially formulated to be used with automated injector systems. OXY-WASH can be dispensed directly from the shipping container, thereby eliminating hand feeding from powder hoppers and possible spillage. For best results, OXY-WASH should be used with Aqua Break. OXY-WASH is completely soluble in all normal water temperatures. For optimum soil release, use in hot (140°F to 160°F) water for removing normal soils. Effective soil removal, at the concentrations and temperatures given, may be obtained during a normal 6 to 10 minute wash cycle.

### SPECIFICATIONS

Appearance	Clear liquid
pH	6.8
Specific gravity	1.009 (8.6 lbs/gal)
Penetration	Immediate
Stability	6 months
Wetting Ability	Excellent
Biodegradable	Yes
Foam	Low
Rinsing	Complete
Biodegradable	Yes
Stability	1 Year

### PRECAUTIONS

Keep out of reach of children. Alkaline liquid. Contact with skin and eyes may cause severe irritation. Harmful if swallowed. Flood with water if splashed in eyes. Flush with water for 15 minutes and consult a physician immediately. If ingested, drink large amounts of milk, milk of magnesia, or gelatin, or if these are not available, drink large amounts of water. DO NOT induce vomiting. Obtain prompt medical attention.
