## POWER WASH

CONCENTRATED POWER &amp; BAR GLASS WASH

### DESCRIPTION

**POWER WASH** is a unique blend of wetting and emulsifying agents designed to work especially well for power washing dishes and for manual washing of bar glasses. Specialized surfactants gives it the superior ability to penetrate even the toughest soils. Once the bond is broken, soil is held in suspension - so no redepositing occurs. Rinsing is absolutely complete, leaving a surface that is free from residue and soils. It is intended for use in food, beverage, dairy and other areas for penetrating and lifting soils from the surface. **POWER WASH** is safe for all surfaces that are not harmed by water.

### USES / BENEFITS

- Extremely economical
- Saves Time, Saves Money
- Deep cleans
- Penetrates soils fast
- Biodegradable surfactants
- Excels on all soils
- Works even in harder water conditions
- Conditions water
- No mess, no fuss
- Protects your investment
- Simple to use
- Safe on soft metals
- Contains wetting agents
- Free rinsing

### DIRECTIONS FOR USE

This unique product is formulated to be utilized as part of a complete warewashing program. Used properly, along with the recommended North Woods® detergent, through an automated injector system, will assure fantastic results at the lowest possible use cost.

Use 2 oz. of **POWER WASH** per 1 gallon of water dependent upon soil. Use slightly more for heavy soil.

### SPECIFICATIONS

Appearance.....	Clear amber liquid
pH.....	10
pH of 1%.....	solution 8.8
Specific gravity.....	1.011 (8.4 lbs/gal)
Stability.....	1 Year
Wetting Ability.....	Excellent
Free Caustic.....	None
Foam.....	Moderate
Rinsing.....	Complete
Odor.....	Mild
