RUST AWAY

CONCENTRATED IRON REMOVING SOFTENER & SOUR AGENT

DESCRIPTION

RUST AWAY concentrated liquid sour/softener softens and fluffs all fabrics and contributes to the removal of residual iron. RUST AWAY eliminates static cling and reduces extractor time. The use of this product in the proper concentration neutralizes all residual alkalinity which is critical in nursing homes, assisted living, and hospitals - where soft, irritation-free garments and bed linens are needed. RUST AWAY also contains optical brighteners to enhance appearance of colors and whites. Safe for use with natural and synthetic fabrics.

USES / BENEFITS

- Concentrated
- Removes iron deposits
- Extremely economical
- Saves Time, Saves Money
- Biodegradable
- Contains optical brighteners
- Pleasant fragrance
- Softens and fluffs
- Produces wrinkle free results
- Automatically dispensed
- No mess, no fuss
- Protects your investment
- Enhances colors & whites
- Neutralizes alkalinity protecting residents and patients

DIRECTIONS FOR USE

This unique product is formulated to be dispensed through an automated injector system, assuring the lowest possible use cost.

RUST AWAY should be used in conjunction with the other North Woods® laundry products for a personally tailored laundry operation. RUST AWAY is specially formulated to be dispensed directly from the shipping container through an automated injector system into the laundry machine, thereby eliminating hand feeding from powder hoppers and possible spillage. RUST AWAY is completely soluble at all normal water temperatures and is effective at cold or warm (70-120 degrees) temperatures.

SPECIFICATIONS

Appearance	liquid
pH	2.2
pH of 1% solution	3.1
Specific gravity	1.012 (8.43 lbs/gal)
Penetration	Immediate
Stability	1 Year
Biodegradable	Yes
Foam	None
