# Technical Data

# SHEER FORCE

## INDUSTRIAL STRENGTH POWER FOAM DEGREASER

### DESCRIPTION

The name says it all! Sheer Force is an ultra-powerful foam spray that literally blasts tough soils and grease off of engines, greasy machinery, construction equipment, exhaust hoods, tools, parts, highway equipment, farm machinery, marine equipment, air conditioning coils, lawn mowers, concrete, and surfaces too numerous to mention. Soil that survives the initial blast is quickly bathed in a rich, deep cleaning, powerful surfactant foam that solubilizes, lifts, suspends, and liquefies it. Then Sheer Forces' amazing, self-indicating foam "breaks" letting you know it's time to be rinsed or wiped off. What a snap! Surfaces are left sparkling clean and deodorized too! It's a great time and labor saving tool as well. Even replaces the need for bulky pressure washers in most applications. The best part of it is that Sheer Force is so friendly to the environment and the user as well. **Sheer Force sure takes the work out of degreasing!**

### USES / BENEFITS

- **Forceful Foam Spray Blasts Off Soil**
- **Solubilizes Grease Immediately**
- **Rinses Freely**
- **Biodegradable**
- **Safe**
- **Fast Acting**
- **Fresh Fragrance**
- **Non-Corrosive**
- **Environmentally & User Friendly**

### DIRECTIONS FOR USE

Shake well before using. Apply foam evenly over soiled area to be cleaned. Allow time to penetrate and suspend soils. When foam dissipates rinse or wipe off. Repeat as necessary. For extremely tough soils agitate with a brush.

### PRECAUTIONS

Keep Out Of Childrens Reach

### SPECIFICATIONS

|                        |           |
|------------------------|-----------|
| Color .....            | White     |
| Fragrance .....        | Citrus    |
| Form .....             | Foam      |
| Net Weight .....       | 16 ounces |
| Specific Gravity ..... | 0.997     |
