SPARKLE

FOAMING GLASS & HARD SURFACE CLEANER

DESCRIPTION

Sparkle is a fantastic cleaner & polish for all hard surfaces, but is specifically designed to improve the appearance of glass and mirrors. Its deep cleaning of pores causes a diamond like reflection factor making glass & mirrors sparkle. This product is simple to use and carries a safe MSD sheet. No Mixing -- No Mess -- No Fuss! Just grab a can and expect over three gallons of fast cleaning foam to work its miracles immediately. Get the job done fast and completely the first time!

**NON-STATIC
DEEP CLEANS & POLISHES**
