SUPER BOWL

DISINFECTANT TOILET BOWL URINAL CLEANER

DESCRIPTION

This disinfectant toilet bowl and urinal cleaner is designed for Hospital, General Industrial, and Institutional use (schools, factories, nursing homes). Its broad spectrum activity cleans, descales, deodorizes, and disinfects in one easy step. Super Bowl has 23% acid used on rural and rusty water areas, where fast speedy removal of rust & soils is needed. This product can be diluted for greater economy. EPA registered disinfectant.

SPECIFICATIONS

Color Milky White
 Fragrance Acidic Odor
 Form Thin Liquid
 pH < 1
 Shelf Life 2 years minimum
 Flash Point None
 Specific Gravity 1.10

USES / BENEFITS

Cleans, Disinfects, Deodorizes, Descales - with Organic Soil Tolerance

PRECAUTIONS

CAUTION: Keep out of reach of children. For industrial and institutional use only by trained personnel. Material Safety Data Sheet available.

DIRECTIONS FOR USE

It is a violation of the Federal Law to use this product that is inconsistent with its labeling. For restrooms and general disinfection of hard nonporous, environmental surfaces (glass, glazed porcelain, linoleum, tile, leather, vinyl, enamel, and finished wood surfaces) on walls, floors, appliances and furnishings in institutions and industrial areas.

CLEANING: Whenever practical, flush away gross soils with water. For cleaning, use 2 to 8 ounces of this product per gallon of water. Cleaning may be accomplished with a clean mop, sponge, squeegee, wet vacuum system, or a trigger spraying device. After cleaning, remove suspended soils with a clear water rinse, vacuum pick up, or by wiping with a clean mop, sponge, squeegee, or cloth.

DISINFECTING: Before disinfecting, preclean surfaces as directed above. Then, prepare 5 ounces of this product per gallon of water and thoroughly wet the surfaces to be disinfected. (For disinfecting contagious disease areas, use 8 ounces per gallon of water. The disinfecting solution must contact the surface for 10 minutes for proper disinfection. If desired, the surface may be rinsed with clear water or wiped with a clean, damp cloth. This product has not been tested for effectiveness against Mycobacterium tuberculosis and must not be relied upon when tuberculocidal activity is intended.

For specific area directions, see original container.
