Technical Data

TERMINAL BATTERY & TERMINAL CLEANER

DESCRIPTION

This product is designed to clean and protect batteries. A color indicator is included to assist in detecting leaks. Battery terminal cleaner eliminates corrosion buildup and provides a residual corrosion preventive. This product is ideally suited to use on batteries in fleet cars, trucks, buses, golf carts, fork trucks, construction, and agricultural equipment.

USES / BENEFITS

- Cleans and Neutralizes Acid
- Contains Color Indicator To Detect Leaks
- Protects Against Corrosion
- Biodegradable
- Environmentally Safe
- Easy To Use
- No Phosphates or Petroleum Distillates
- Non-Flammable

DIRECTIONS FOR USE

Shake well before using. Spray on cables, clamp terminals, brackets, and over the entire battery surface. Be sure cell covers are tightly closed prior to spraying. After a few minutes, flush off with water or damp cloth. Formula is yellow but turns red in presence of acid. Spray will neutralize any acid on battery.

SPECIFICATIONS

Appearance Yellow Foam
Fragrance Mild Ammonia

PRECAUTIONS

Safety: Despite the ultra-safe nature of this product - all cleaning products should be kept out of the reach of children.
Caution: Contents under pressure. Do not use or store near heat or open flame. Exposure to temperatures above 120°F. may cause bursting. Never throw container into fire or incinerator.
