Technical Data

TRAIL BLAZER

FILM REMOVING TRUCK & BUS WASH

DESCRIPTION

Never before has vehicle cleaning been this easy. This product is designed to be used through a pressure washer to quickly remove dirt, oil, grease, road film, and exhaust from aluminum or painted surfaces without attacking the surface. A special ionic detergent system quickly floats away road film without the use of brushes or other manual devices.

This product may be used manually, if no pressure washer is available. Special sequestrants keep equipment free of water mineral scale. This product rinses freely, leaving no film or residue when used as directed. May be used to clean any surface soiled with dirt, oil, traffic film, etc. Brightens aluminum surfaces without the use of acid.

PRECAUTIONS

CAUTION: Contains Alkali, avoid contact with skin, eyes, and clothing. Keep out of reach of children. For industrial and institutional use only by trained personnel. Material safety data sheets available.

USES / BENEFITS

- **Fast** - penetration of dirt, oil and road film. The unique surfactant system incorporated in this product releases soil and suspends it for easy removal.
- **Efficient** - Highly concentrated to perform a variety of cleaning tasks, this product is cost effective and works without agitation.
- **Versatile** - may be used on all surfaces not harmed by water. In normal use, this product will not harm vegetation. Completely biodegradable, contains no phosphates or free caustic.

SPECIFICATIONS

pH	12.5
Color	Green
Fragrance	Slight
Specific Gravity	1.058
Flash Point	None
Fumes	None
Freeze/thaw	Will stand 3 cycles
Biodegradable	Complete
Phosphates	None
Solvents	None

DIRECTIONS FOR USE

Dilute this product at one part to 25 parts water for pressure washer cleaning of heavy soil or traffic film. May be diluted with up to 100 parts water for light soil.

PLEASE NOTE: While this product is safe for use on aluminum and painted surfaces when diluted according to the directions, it may remove wax from surface. After cleaning aluminum siding on buildings be sure to rinse shrubs and other landscape plants with clear water.
