Technical Data

HQD PLUS

NEUTRAL pH DISINFECTANT DETERGENT

DESCRIPTION

HQD Plus is the latest in dual formula of dual chained Quat Disinfectant that not only Kills all disease bearing pathogens, but is a fantastic cleaner and complete deodorizer. The fragrance of cold pressed lemons is very apparent when adding water to the mop buckets.

HQD Plus is the #1 choice for using in all areas of the hospitals, nursing homes, restaurants, industries, motels -- simply ALL BUSINESSES concerned about the spread of disease. OSHA has well defined the areas in housekeeping that will require a disinfectant/cleaner. If you want the best Quaternary Kill with great cleaning ability -- HQD Plus is the #1 choice!

HQD Plus kills such a wide range of bacteria including all the kill Veterinarians and animal hospitals need.

HQD Plus is perfect for all your floor damp mopping as it will not harm any floor finishes. Excellent for all Super Markets killing the bacteria that spoil their meats and produce.

BENEFITS

**VIRUCIDAL - PSEUDOMONACIDAL
 FUNGICIDAL - STAPHYLOCIDAL
 SALMONELLACIDAL**

- SUPER CLEANER
- LABOR SAVING - NO FILM
- NEUTRAL pH
- FRESH LEMON FRAGRANCE
- NEEDS NO RINSING
- SAVES LABOR COSTS
- WON'T DULL, HAZE FLOORS

HQD KILLS THE FOLLOWING:

- Acinetobacter Calcoaceticus
- Adenovirus Type 4
- Aspergillus Niger
- Bordetella Bronchiseptica
- Candida Albicans
- Canine Distemper
- Chlamydia Psittica
- Enterobacter Aerogenes
- Enterobacter Cloacae
- Escherchia Coli 0157:H7
- Feline Leukemia
- Fusobacterium Necrophorum
- HBV & HCV
- Herpes Simplex I & II
- HIV-1 (AIDS) Virus
- Human Coronavirus
- Infectious Bovine Rhinotracheitis
- Influenza Type A/Hong Kong
- Klebsiella Pneumoniae
- Legionella Pneumophila
- Listeria Monocytogenes
- Methicillin Resistant Staphylococcus Aureus
- Pasturella Multocida
- Proteus Mirabilis & Vulgaris
- Pseudomonas Aeruginosa
- Pseudorabies
- Rabies
- Salmonella Choleraesuis, Enteritidis & Typhi
- Serratia Marcescens
- Shigella Flexneri
- Staphylococcus Epidermis
- Streptococcus Faecalis & Pyogenes
- Transmissible Gastroenteritis
- Tricophyton Mentagrophytes
- Vaccinia Virus
- VISA
- VRE

DIRECTIONS FOR USE

KILLING TYPE 1 (HIV-1) VIRUS

Remove blood and other body fluids from surface by applying "DeVour" body fluid absorbent. Remove into sack liner using personal protection, latex gloves, gowns, masks or eye coverings.

Apply HQD Plus with mop, sponge, or cloth as well as soaking where necessary. Mix fresh solution for each use, then discard solution.

HQD Plus used on hard non-porous surfaces will tolerate a moderate amount of organic soil when used at 2 oz. per gallon of water. HQD Plus provides 600 ppm of active quaternary at 2 oz. per gallon of water for a rapid four minute contact time. For all other disinfection claims, EPA states a ten minute contact time.

HQD Plus is definitely The New Breed Disinfectant Cleaner for all your general disinfection requirements.

Bactericidal Stability of Use-Dilution: Tests confirm that this product when diluted in 400 ppm hard water, remains effective against Pseudomonas Aeruginosa, Staphylococcus Aureus, and Salmonella Choleraesuis for up to one year when stored in a sealed container such as a spray bottle.

PRECAUTIONS

Keep Out Of Reach Of Children

CAUTION

Causes eye damage. Do not get in eyes, or on skin. Harmful or fatal if swallowed. If swallowed, call a physician immediately.
